of the Chief Registrar of Lands appointed under section 3.

3. Appointment of registrars

(2) Where a person disobeys an order made under subsection (1), the land registrar may certify the

Court,²(2) a claim under this Act in respect of the same land or interest shall be noted by the land registrar

but a further action shall not be taken on the claim until the matter is determined by the Court.

13. Compilation of register of lands

(1) On the declaration by the Minister of a registration district the land registrar shall, in relation to

every land situated in that district, in respect of which an instrument has before the date of the declaration

been registered under the Land Registry Act, 1962 (Act 122),

(a) prepare a list in the prescribed form, within ninety days, showing the instances of proprietorship of a land or an interest in land evidenced by the instruments and in respect of which a conflicting claim does not appear from a registered instrument or to have been made in response to the notice issued under section 11;

(b) serve on a person named as a proprietor of land or an interest in land in the list prepared in accordance with paragraph (a) a notice of the intention to register that person as proprietor of the land or the interest in land after a specified date.

(2) Where there are conflicting claims in respect of a land referred to in subsection (1) the matter shall

be referred to the adjudication committee established under section 22.

(3) After the expiry of the period specified in the notice given under paragraph (b) of subsection (1)

and the period specified in the notice given in relation to the land under paragraph (b) of section 11, or as

soon as the adjudication committee has determined a matter referred to it under this Act, the land or the

interest shall be registered in accordance with section 14 of this Act and the Land Registry Act, 1962 (Act

122) shall cease to apply to an instrument in so far as it affects that land or interest.

14. Time and manner of first registration

(a) on the expiry of the period specified in the notice issued under section 11 in respect of the district in which the parcel is situated; or

(b) on the expiry of the notice issued under paragraph (b) of subsection (1) of section 13 in respect of the parcel; or

(c) on the determination by the adjudication committee of a dispute referred to it concerning the claim of a person to be registered as proprietor of the land or interest in the land.

(2) The first registration shall consist of the opening by the land registrar of a folio in respect of the

parcel to be registered and the entry in the folio of

(a) the name of a person who has been shown to be entitled to be registered as proprietor of the parcel and the particulars of that person and of the proprietorship as are prescribed to be entered,

(b) the particulars of the plan to enable the parcel to be fully identified on the registry map, and

(c) the particulars as prescribed of the interests which have been shown to exist in the land.

(3) Where after the first registration, a person who has not been registered as a proprietor of the land

or of an interest in the land, shows a proprietorship of the land or of an interest in the land, the land

registrar shall effect registration of that person by making additions in the prescribed manner to the folio.

15. Description of lands affected by dealings

(1) Without prejudice to section 20 and except as otherwise provided in subsection (2) of this section,

where land or an interest in land being registered is evidenced by an instrument, that land or interest in the

land shall not be registered under this Act, unless there is attached to that instrument a plan of the land

which has been approved and duly signed by the Director of Surveys or an officer of the Survey Department authorised by the Director.

(2) Where a plan referred to in subsection (1) has already been filed in the registry with an instrument

relating to the same land it shall be sufficient, without attaching the plan to the instrument, if the land is

described by reference to the instrument and plan already filed in the Registry office.

16. Form of register

(1) The land register shall comprise a folio in respect of each parcel in every registration district, and

each folio shall comprise

(a) an entry of the description of the parcel with reference to the registry map and a plan approved by the Director of Surveys under sections 15 and 34,

17. Cancellation of obsolete entries

The land registrar may cancel an entry in the land register if the land registrar is satisfied that the entry

has ceased to have effect.

18. Conclusiveness of the register

(1) The land register is conclusive evidence of the title of the proprietor of the land or interest in land

appearing on the register.

(2) Subsection (1) does not affect a right or an interest in land acquired under the law relating to prescription or the Limitation Act, 1972³(3), but where title to registered land has been acquired under the

law relating to prescription or the Limitation Act, 1972⁴(4) the registered proprietor shall hold the land on

trust for the person who claims to have acquired the title.

(3) A person claiming to have acquired land or an interest in land under the provisions or rules referred to in subsection (2) may apply to the land registrar for an appropriate amendment to be made to

the land register.

(4) On receipt of an application under subsection (3), the land registrar shall, after giving notice of the

application to the persons whose rights are liable to be affected and giving those persons an opportunity

to make representations, follow as far as practicable in regard to the application, section 23 of this Act.

19. Proprietor of land and registrable interests

(1) A person shall be registered as proprietor of land if, in relation to that land, that person

(a) is the allodial owner, that is to say, that person holds it under customary law where that person is not under a restriction on the rights of user or obligations in consequence of that

holding other than restriction or an obligation imposed by the law of the Republic generally;

or

(b) holds a customary law freehold, that is to say, that person holds rights of user subject only to the restrictions or obligations imposed on a subject of a Stool or a member of a family who has taken possession of land of which the Stool or family is the allodial owner without consideration or on payment of a nominal consideration in the exercise of a right under customary law to the free use of that land; or

(c) holds the land for an estate of freehold vested in possession or an estate or interest less than freehold according to the rules generally known as the rules of the common law; or

(d) holds a leasehold interest, that is to say, that person holds an interest under a lease for a term of years of which more than two years are unexpired; or

(a) as proprietor of the lands vested in the Republic by an enactment;

(b) as trustee of the lands held by the Republic in trust under an enactment; and

(c) as proprietor of the lands not held by any other proprietor.

(3) Subject to subsections (4) and (5), an interest appertaining to or affecting a land may be registered

under this Act.

(4) Where an interest will according to its terms expire without notice of termination within less than

two years after the date on which an application is made for its registration, it shall not be registered

under this Act although it may be renewable on notice.

(5) Despite subsection (4), a concession granted under the Concessions Ordinance (Cap. 136) or the

Concessions Act, 1962 (Act 124) or a licence in respect of minerals granted under the Minerals Act, 1962

(Act 126) shall be registered under this Act.

20. Rejection of application for first registration

(1) Subject to this Act and to the Limitation Act, 1972⁵(5), the land registrar may reject an application

for first registration by a person claiming to be a proprietor of land or an interest in land and basing a

claim on an instrument,

(a) if the instrument deals with the land or part of it in a manner inconsistent with an instrument previously executed whether by the same grantor or a predecessor-in-title or by any other person; or

(b) if, on the face of the records, the grantor named in the instrument does not appear to the land registrar to have been entitled to deal with the land as the instrument purports to have done; or

(c) if the instrument was made in contravention of, or is void by virtue of, an enactment; or

(d) if the instrument contains an interlineation, a blank, an erasure or an alteration not verified by the signature or initials of the persons executing the instrument.

(2) Subsection (1) does not prevent the exercise by a Court of its powers under the Land Development

(Protection of Purchasers) Act, 1960 (Act 2) or the Farm Lands (Protection) Act, 1962 (Act 107), and

without prejudice to the effect of any other order of a Court, the land registrar is bound by an order of a

court made under either Act which provides that a conveyance or an acquisition shall be deemed to have

conferred title.

21. Notification of grounds of refusal to register

(1) Where the land registrar is of the opinion that there are grounds under paragraph (d) of subsection

(1) of section 20 to reject an application, the land registrar shall notify the applicant in writing of the

opinion and the grounds for the opinion, giving the applicant thirty days within which to make further

representations.

(2) Where the land registrar is of the opinion that an application should be rejected on the ground in

paragraph (a) or (b) of subsection (1) of section 20, the land registrar shall notify the applicant of that

opinion and shall refer the matter to the adjudication committee.

(3) On receipt of a reference under subsection (2), the adjudication committee shall serve a notice of

the time and place at which the committee shall hear and determine the claims affecting the title to the

land.

(4) The adjudication committee shall publish the notice of hearing in the Gazette and in a newspaper

circulating in the area where the land is situated or may cause the notice to be published in any other

manner it considers appropriate.

(5) The decision of the adjudication committee shall be communicated in writing to the applicant, the

land registrar and to any other person affected by the decision within fourteen days after the determination of the matter.

the adjudication committee under subsection (5), the land registrar shall comply with the decision of the

committee.

Adjudication of Title

22. Establishment of land title adjudication committees

situated in a registration district shall apply, setting forth that claim, in the manner and within the period

specified in the notice given under section 11.

(2) Where the land registrar is satisfied that a person who has a claim to land or an interest in land

within a registration district has not made the application, the land registrar may proceed as if an

application had been made by that person and may request a certified copy of an instrument relevant to

that land or interest and registered under the Land Registry Act, 1962 (Act 122).

(3) The land registrar shall, after the expiry of the notice given under section 11 of this Act, proceed

to examine the title of a person who has made a claim to a land or an interest in land under subsection (1)

or is deemed to have made that claim under subsection (2) of this section, and may for that purpose

examine an instrument relating to that interest.

(4) If as a result of the examination the land registrar is satisfied that,

(a) a person claiming to be a proprietor of land has a good title to the land referred to in the claim and that another person has not acquired a title inconsistent with that of the claimant of the land under a law or has acquired proprietorship of that land by prescription, the land registrar shall record that person as the proprietor with absolute title of the land and declare the title to be absolute;

(b) a person claiming to be a proprietor of land is in possession of, or has a right to possession or right of or in occupation of, the land referred to in the claim, but does not have a sufficiently

good title to be recorded under paragraph (a) as the proprietor with absolute title, the land registrar may, with the consent of the applicant, instead of rejecting the application, record that person as proprietor with provisional title of the land, and, if the land registrar does so, shall also record

(i) the date on which the possession or occupation of that person began or is deemed to have begun,

(ii)

the particulars of an instrument or any other evidence under or by virtue of which a right or an interest in the land adverse to or in derogation of the interest of that person might exist, or

(iii) a qualification which affects the title;

(c) a land referred to in the claim is subject to an interest which is registrable under this Act, the land registrar shall record the particulars which shall enable the interest and the name of the proprietor of the land to be registered under this Act; but if the identity of the proprietor of the interest has not been satisfactorily established, the land registrar shall record the Republic as the proprietor of the interest in trust for the eventual proprietor;

(d) in respect of a land referred to in the claim, a person is not entitled to be registered as proprietor with absolute title under paragraph (a) or with provisional title under paragraph

(b), the land registrar shall record the land as being held by the Republic in trust for the eventual proprietor.

(5) In this section “good title” means, in a case in which a title is founded on documentary evidence,

a title which consists of or commences with

- (a) an enactment,
- (b) a grant or conveyance from the Republic,
- (c) a grant, conveyance, assignment or mortgage which is more than thirty years old and establishes that a person is entitled to deal with the land, or
- (d) a final judgment of a Court of competent jurisdiction.

(6) Where there are two or more claimants of an interest in land situated in a registration district and

the land registrar is unable to effect agreement among the claimants,

(b) any other matters shall be referred by the land registrar to the adjudication committee for adjudication.

24.

Survey and demarcation of land

(1) A surveyor who is directed under section 6 to survey or demarcate a land within a registration district may cause a notice to be served

(a) on a person who owns, occupies or is otherwise interested in a land abutting the land to be surveyed or demarcated, or

(b) on a person employed or connected with the management or cultivation of the land,

requiring that person to attend personally or by an agent before the surveyor at the time and place stated

in the notice for the purpose of identifying the boundaries of the land or providing the information that is

needed for purposes of the survey or demarcation.

(2) The surveyor may by notice summon a person who, in the opinion of the surveyor or in the opinion of the land registrar is in possession of information or a document relating to the boundaries to

attend before the surveyor and give the information or produce the document at the time and place

specified in the notice.

25. Notice of commencement of demarcation

(1) Not less than seven days before the demarcation of lands in a registration district begins, the

Director of Surveys shall give notice of the demarcation and the time and place at which it will begin in

the manner that the adjudication committee considers to be most appropriate to bring the notice of the

demarcation to the attention of the persons likely to be affected by the demarcation.

(2) The notice shall require a claimant to indicate the boundaries of the land affected by the claim in

the manner specified in the notice.

26. Surveyor to ensure demarcation of boundaries

Subject to the general or particular directions issued by the Director of Surveys, the surveyor shall,

within each registration district,

(a) ensure that the boundaries of each parcel which is the subject of a claim are indicated or demarcated in accordance with the requirements of the notice given under section 23;

(b) indicate the boundaries of

- (i) the public roads, public rights of way and any other public lands, and
- (ii) an unclaimed land;
- (c) carry out the survey that is required in the execution of the adjudication process;
- (d) prepare a demarcation index map of the registration district on which shall be shown every separate parcel identified by a distinguishing number, but rivers and public roads are not required to be identified by a number.

27. Rules to be followed by adjudication committee

The adjudication committee shall, in hearing and determining a dispute or claim under this Act, observe the following rules:

- (a) the exercise by one person of the rights in or over one or more pieces of land shall not be taken as a presumption in favour of that person of the rights in or over a greater extent of land than that in or over which these rights are exercised;
- (b) where two or more persons have rights which will entitle them to be registered as joint proprietors or proprietors in common, those persons shall be recorded as joint proprietors or proprietors in common, and if as proprietors in common, the share of each shall be recorded;
- (c) where land or an interest in land in a registration district remains unclaimed after the expiration of the period specified in a notice given under section 11 or 13, that land or interest in land shall be recorded as held by the Republic in trust for the eventual proprietor.

28. Adjudication record

- (1) The adjudication committee shall, after the determination of a dispute or claim referred to under

this Act, prepare an adjudication record which shall consist of a form in respect of each parcel of land.

(2) The record shall show

(a) the description and approximate area of the land as shown on the demarcation map;

(b) the name or the description of the person entitled to be registered as the proprietor of the parcel with particulars of the entitlement, and a restriction affecting the power of dealing with it of that person or the fact that the parcel is public or Republic land;

(3) The form shall, where possible, include an acknowledgement signed by the proprietor of the land,

the agent or the guardian of the proprietor named in the record in accordance with subsection (1) (c), that

the proprietor, the agent or the guardian of the proprietor accepts the adjudication record.

29. Notice of completion of the adjudication record

When an adjudication record in respect of a registration district has been completed, the chairman of

the adjudication committee shall sign and date a certificate to that effect and shall, by notice published in

the Gazette, give notice of the completion of the adjudication and of the place or places at which the

record together with the relevant demarcation map may be inspected.

(2) The adjudication committee after giving reasonable notice to the persons affected by the objection,

shall hear the objection or otherwise determine the matter in the manner that it thinks fit.

in accordance with sections 30 and 32, whichever is later, the record shall, subject to this Act, become

final.

(2) The chairman of the adjudication committee shall sign the certificate to that effect and shall

deliver the record and the relevant demarcation map to the land registrar together with the documents

received in the process of the adjudication to be kept in the Registry.

34. Registry map

(1) The Director of Surveys shall, in consultation with the Registrar, prepare a map or series of maps,

to be called the registry map, for every registration district and the map or series of maps shall be maintained in the registry.

(2) For the purposes of the registry map, each registration section constituted under section 7 may be

identified by a distinctive name and the registration section may be further divided into blocks which

shall be given distinctive numbers or letters or combination of numbers and letters.

(3) The parcels in each registration section shall be numbered consecutively and the name of the registration section and the number or the letter of the block and the number of the parcel shall together

be sufficient reference to a parcel.

(4) The Registrar may combine or divide registration sections or blocks or vary their boundaries.

(5) A plan approved by the Director of Surveys shall be noted in the folio of the land register

appertaining to each parcel, and the land registrar shall file that plan.

35. Alteration of registry map and preparation of new editions

(1) The Registrar may require the Director of Surveys to correct the line or position of a boundary

shown on the registry map with the agreement of a person shown on the register to be affected by the

correction, but a correction shall not be effected except on the instructions in writing of the Registrar in

the prescribed form.

(2) Where the boundary of a parcel is altered on the registry map, the original number of that parcel

shall be cancelled and a new parcel number allocated to it.

(3) The Registrar may require the Director of Surveys to prepare a new edition of the registry map or

a part of the registry map and there may be omitted from the new map a matter which the Registrar

considers obsolete.

36. Further surveys

The Registrar in consultation with the Director of Surveys may cause a survey to be made for a purpose connected with this Act.

37. General boundaries

(1) The registry map and a plan filed in the registry indicate the approximate boundaries and the approximate situation only of a parcel shown on the map and the plan.

(2) Where an uncertainty or a dispute arises as to the position of a boundary, the adjudication committee, on the application of an interested person, shall, on the evidence that it considers relevant,

determine and indicate the position of the boundary.⁷⁽⁷⁾

(3) On the determination of a dispute under subsection (2) the land registrar shall make a note to that

effect on the registry map and in the land register and shall file the plan or description as may be necessary to record the decision of the committee.

(4) A Court shall not entertain an action concerning a dispute as to the boundaries of a registered parcel unless the boundaries have been determined as provided in this section.

38. Fixed boundaries

(1) Where the land registrar considers it desirable to indicate on a filed plan, or otherwise to define in

the register, the precise position of the boundaries of a registered parcel or a part of the registered parcel,

or where an interested person makes an application to the land registrar, the land registrar shall give

notice to the proprietors of interests in, and occupiers of the parcels adjoining the boundaries in question

of the intention to ascertain and fix the boundaries.

(2) The land registrar shall, after giving the persons appearing from the register to be affected an opportunity of being heard, cause to be defined by survey the precise position of the boundaries in

question and to be filed a plan containing the necessary particulars and shall make a note in the register

that the boundaries have been fixed, and the plan, for the purposes of this Act, defines accurately the

boundaries of the parcel.

(3) Where the dimensions and boundaries of a parcel are defined by reference to a plan verified by the

Director of Surveys, a note shall be made in the register and the parcel, for the purposes of this Act, has

its boundaries as fixed under this section.

39. Maintenance of boundary features

(1) A proprietor of land shall maintain in proper order and repair, in accordance with the Regulations,

a beacon or mark defining a corner point of the parcel.

(2) Subject to subsection (3), where a beacon or mark is not maintained in proper order or repair, or is

removed or obliterated, the land registrar may serve on the owner of every parcel in relation to which the

beacon or mark indicates a corner point, a notice in writing requesting the owner to restore the beacon or

mark to its correct position, or to re-erect it in the prescribed manner.

(3) The restoration or re-erection of a beacon or mark that is removed or obliterated shall be carried

out by or under the immediate supervision of a licensed surveyor duly authorised by the Director of

Surveys.

(4) The land registrar may, in writing, charge the adjoining proprietors with the responsibility for the

care and maintenance, repair, restoration or re-erection of a beacon or mark that is not in proper order or

repair or is removed or obliterated.

(5) Where it is established that an adjoining proprietor or a servant or agent of that proprietor, has

damaged, removed or obliterated the beacon or mark, the entire cost of repair, restoration or re-erection of

the beacon or mark shall be borne by that adjoining proprietor.

40. Interference with boundary features

(1) A person who without lawful excuse, the burden of proof of which lies on that person,

(a) alters, moves, disturbs or wilfully defaces, removes, damages, destroys or otherwise impairs a beacon, mark, signal or boundary feature or a part of the beacon, mark or feature whether

the beacon, mark, signal, or boundary feature is on the land of that person or not, or

(b) erects a beacon or mark defining a corner point of a parcel, and whether the intention is to

alter the boundary line of a parcel or not, or to cause deception as to the boundary line or not,

commits an offence and is liable on summary conviction to a fine not exceeding one hundred penalty

units or to a term of imprisonment not exceeding six months or to both the fine and the imprisonment.

(2) A conviction under subsection (1) does not affect the liability of the person concerned to pay for

the cost of restoring the boundary resulting from the removal or disturbance of the beacon, mark, signal or

boundary feature.

41. Combination and subdivision of parcels

(1) Where contiguous parcels are registered in the name of the same proprietor and are subject to the

same registered and overriding interests, the land registrar may, on an application by a proprietor of the

parcels, combine them by closing the land register folios relating to them and opening a new folio of the

parcel resulting from the combination.

(2) Subject to subsections (3) and (4), where on an application by a proprietor of a parcel for the division of the parcel into two or more parcels, the land registrar shall effect the division by closing the

folio in respect of that parcel and by opening a new folio in respect of the new parcels and shall record in

the new folios the subsisting entries in the closed folio.

(3) Before combining the parcels or subdividing a parcel under subsection (1) or (2), the land registrar

shall give notice to the proprietors of the parcels or parcel and to the proprietors of interests in the parcels

or parcel in respect of which it is proposed to combine or subdivide and give the person or persons the

opportunity to make representations in relation to the proposed action within the period specified in the

notice and the land registrar shall take into consideration the representations which have been duly made.

(4) A thing shall not be done under this section which is inconsistent with this Act or any other enactment, or which affects the rights of a person in a manner not permitted by law.

42. Change of layouts of contiguous parcels

(1) Subject to subsection (2), the land registrar may, on an application by the proprietors of

contiguous parcels who are desirous of changing the layout of their parcels, and with the consent in

writing of the other proprietors of the parcels or interests in those parcels and of a caveator, cancel the

land register folio relating to the parcels and prepare new folios in accordance with the revised layout.

(2) Where in the opinion of the land registrar, a proposed change of layout involves substantial changes of proprietorship which could better be effected by transfer otherwise than under this section, the

land registrar may refuse to effect the change in the layout.

(3) Where a change in a layout is effected under subsection (1) the new parcels shall vest in the persons in whose names they are registered.

Effect of Registration

43. Indefeasibility of registration

(1) Subject to subsections (2), (3) and (4) of this section and to section 48, the rights of a registered

proprietor of land whether acquired on first registration or acquired subsequently for valuable consideration or by an order of a Court, are indefeasible and shall be held by the proprietor together with

the privileges and appurtenances attaching to the land free from any other interests and claims.

(2) The rights of a proprietor are subject to the interests or any other encumbrances and conditions

shown in the land register.

(3) This section does not relieve a proprietor from a duty or an obligation to which the proprietor is

otherwise a trustee.

(4) The registration of a person as the proprietor of land or an interest in land does not confer on that

person a right to minerals not already vested in that person.

44. Effect of registration with provisional title

(1) Subject to sections 46 and 48, registration of a person as the proprietor with a provisional title of a

parcel under paragraph (b) of subsection (4) of section 23 does not affect or prejudice the enforcement of

a right or an interest in land which is adverse to, or in derogation of, the title of that proprietor and which

has arisen before the date or under the instrument or in the manner specified in the land register in relation

to that parcel.

(2) Except as provided in subsection (1), the registration shall have the same effect as the registration

of a person as proprietor with absolute title.

45. Conversion of provisional title into absolute title

(1) A person registered as proprietor of land with a provisional title or an interested person may at any

time apply to the land registrar to be registered as proprietor of that land with an absolute title.

(2) If the applicant satisfies the land registrar that the qualification to which the provisional title is

subject has ceased to be of effect, the land registrar shall make an order for the registration of the

applicant as proprietor with absolute title after the land registrar has given notice in the manner directed

by the land registrar.

(3) On the making of the order or on the application of an interested person after the expiry of twelve

years from the date of first registration of a person as proprietor with provisional title, the land registrar

shall substitute in the land register the words “absolute title” for the words “provisional title” and the title

of the proprietor of that land becomes absolute.

46. Overriding interests

(1) Unless the contrary is recorded in the land register a land or an interest in land registered under

this Act is subject to any of the following overriding interests whether or not they are entered in the land

register as may for the time being subsist and affect that land or interest:

(a) the rights of way, rights of water, profits or rights customarily exercised and enjoyed in relation to the parcel which are not recognised interests in land under customary law that were subsisting at the time of first registration under this Act;

(b) customary rights which were subsisting at the time of first registration in respect of concessions granted under the Concessions Act, 1939;8(8)

(c) natural rights of water and support;

(d) rights of compulsory acquisition, resumption, entry, search and user conferred by any other enactment;

(e) leases for terms of less than two years and not capable of extension to terms of two years or more by the exercise of enforceable options for renewal;

(f) rights, whether acquired by customary law or otherwise, of a person in actual occupation of the land except where enquiry is made of that person and the rights are not disclosed;

(g) subject to this Act, rights acquired or in the course of acquisition by prescription or under the Limitation Act, 1972;9(9)

(h) charges for unpaid rates and any other moneys which without reference to registration under this Act, are expressly declared by an enactment to be a charge on land;

(i) electric supply lines, telephone and telegraph lines or poles, pipelines, aqueducts, canals, weirs and dams created, constructed or laid in pursuance or by virtue of a power conferred by an enactment.

(2) Despite subsection (1) of this section but subject to subsection (4) of section 19, the Registrar may

direct the registration of a liability, a right or an interest specified in subsection (1) of this section in the

manner directed by the Registrar.

47. Interests conferred by registration

Subject to this Act, the registration of a person as the proprietor of an interest in land vests in that person the interest described in the transaction by which it was created, together with the implied and

expressed rights and privileges attaching or appertaining to that land and subject to the implied and

expressing covenants, liabilities and any other incidents, but nothing in this Act shall cause the benefit or

the burden of the rights, privileges or covenants to pass to a transferee of land or an interest in land if it

would not otherwise pass.

48. Voluntary transfer

(1) A proprietor who has acquired a land or an interest in land without valuable consideration shall

hold the land or interest subject to any unregistered rights, interests or to the liabilities to which the land

or interest was subject when held by the transferor, and subject also to the law of bankruptcy or insolvency and to the winding up provisions of the Companies Act, 1963 (Act 179).

(2) Subject to subsection (1), the transfer shall in all respects have the same effect as a transfer for

valuable consideration.

49. Acquisition by the Republic of unclaimed land or interest

Where a land or an interest in land is recorded under paragraph (c) or (d) of subsection (4) of section

23 or under paragraph (c) of section 27, as being held by the Republic in trust for the eventual proprietor,

and a successful claim has not been made to the land or interest in the land within twelve years after the

time at which it was so recorded, the Republic becomes the beneficial proprietor of that land or interest

and shall hold it free from any encumbrances and conflicting claims without any further act or deed, and

the land registrar shall amend the land register accordingly.

50. Entries constitute actual notice

A proprietor who acquires a land or an interest in land has notice of every entry in the land register

which that proprietor was entitled to inspect at the time of the acquisition.

Certificates and Searches

51. Land certificates

(1) The land registrar shall, on registration of a person as proprietor of land or a lease, issue a land

certificate to that person,

(a) if that person is registered as proprietor of the land with absolute title, whether on first registration or on subsequent transfer of the land;

(b) if that person is the proprietor of a lease, where the leasehold is for a term of ten years or more; or

(c) if that person is the holder of a grant under the Concessions Act, 1939(10) or the Concessions Act, 1962 (Act 124) or a licence in respect of minerals granted under the Minerals Act, 1962 (Act 126).

(2) A land certificate shall be in the prescribed form and shall show by an extract from the registry

map endorsed on, or annexed to, the certificate, the land to which it relates.

(3) A land certificate issued in respect of a land or an interest in land registered under this Act shall be

signed and sealed by the land registrar and marked with the serial number of the folio of the register to

which it relates.

(4) A separate land certificate may be issued to each proprietor in common of a land or an interest in

land and the certificate shall show the undivided share of the proprietor.

(5) Where two or more persons are registered as joint proprietors of the same land or interest in land,

only one certificate shall be issued in respect of that interest in the name of those persons and the certificate shall be delivered to the person whose name first appears as proprietor on the certificate.

52. Creation of new folios and issue of new land certificates

(1) The land registrar may create a new folio of the land register and prepare and issue a new land

certificate,

(a) where the land registrar accepts an application for combination of parcels or subdivision of a parcel under section 41,

(b) where in the opinion of the land registrar, it is impracticable to make further endorsements on an existing folio,

(c) where an existing folio has been mutilated or defaced or is in the condition that, in the opinion of the land registrar, it should be replaced, or

(d) where, on registration of a transfer or transmission, the transferee or applicant has become the proprietor of part of the parcel in an existing folio.

(2) On the creation of a new folio the land registrar shall cancel the previous folio, wholly or partially,

as required by the circumstances, and shall indicate on the folio the serial number of the new folio or

folios and the reason for the cancellation.

(3) Subject to an agreement to the contrary, the proprietor in whose name a new folio is created is

liable, as between the proprietor and any other person with whom the proprietor has a dealing in respect

of the land, for the cost of creating the folio.

53. Substituted land certificates

(1) The land registrar may, after taking the indemnity that the land registrar considers necessary,

issue a substituted land certificate to replace a certificate which is satisfactorily proved to have been lost,

destroyed, withheld or to be in the possession of a person out of the jurisdiction of the Republic or not to

be obtainable without undue delay or expense.

(2) A substituted land certificate shall be an exact copy of the original and is as valid as the original

certificate and shall be used for a purpose for which the original certificate might have been used.

(3) An application for a substituted land certificate may be made by the proprietor of the land or

interest comprised in the certificate or by a person claiming through the proprietor, and shall be supported

by the evidence required by the land registrar.

(4) The land registrar may, before issuing a substituted certificate, give fourteen days' notice of the

intention to do so, by notice published in the Gazette or in one or more of the daily newspapers.

(5) The land registrar shall enter in the relevant folio of the land register a notification of the issue of a

substituted land certificate.

(6) The notification cancels the original certificate although the certificate may subsequently be found

or recovered.

54. Provisional certificates

(1) The land registrar shall issue a provisional certificate to a person registered under paragraph (b) of

subsection (4) of section 23 as proprietor of land with the provisional title.

(2) A provisional certificate shall be in the prescribed form and shall be signed and sealed by the land

registrar and marked with the serial number of the folio of the land register relating to the parcel.

(3) On the issue of a provisional certificate the land registrar shall enter in the register notification of

the issue of the certificate, the date of issue and the circumstances under which it was issued.

55. Land certificates to be produced and noted on dealings

(1) Subject to subsection (2), a land certificate or provisional certificate shall be produced to the land

register

(a) on the entry in the land register of a disposition by the proprietor of the land or the interest in land to which it relates; and

(b) on the transmission of the land or the interest in land to which it relates; and

(3) A note of the entry or the transmission shall be officially entered on the land certificate or

provisional certificate.

on the days and during the hours and subject to the conditions that may be prescribed.

(2) A person conducting a search under subsection (1) may be furnished with particulars of subsisting

stated in the certificate.

57. Evidence

Despite the provisions of an enactment to the contrary, a process for compelling the production of the

land register, a registry map or a filed instrument or plan shall not issue from a Court except with the

leave of that Court, and the leave shall not be granted if a certified copy or extract of the register, map or

instrument is admissible to the same extent as an original to prove its contents.

PART TWO

Dispositions

General Provisions

58. Disposition of registered land and interests in land

(1) Despite an enactment to the contrary, a land or an interest in land registered under this Act shall be

disposed of in accordance with this Act, and a disposition of the land or the interest in land otherwise than

in accordance with this Act is ineffectual to create, extinguish, transfer, vary or affect a right or an interest

in that land.

(2) The death of a person by or on behalf of whom an instrument disposing of an interest in land has

been executed shall not affect the validity of the instrument, and the instrument may be presented for

registration as if the death had not occurred.

59. Protection of persons dealing with registered land

Where valuable consideration is given by a person in respect of a disposition, the rights accruing to

that person through the disposition shall not be affected by the omission

(a) to inquire into or ascertain the circumstances in which the consideration for a previous registered transaction was paid or the manner in which that consideration or part of the consideration was utilised;

(b) to search a register or record kept under the Land Registry Act, 1962 (Act 122).

60. Time-limit for registration of instruments

(1) An instrument relating to a disposition under this Act shall be presented for registration within

three months after its date of execution.

(2) Where an instrument is presented for registration later than three months after the date of its execution an additional fee which does not exceed five times the prescribed registration fee shall be

charged but subject to clause (2) of article 174 of the Constitution, the land registrar may waive the

payment of an additional fee if the land registrar is satisfied that the circumstances of the case warrant the

waiver.

61. Power to compel registration

(1) Where the land registrar is satisfied that a person has wilfully failed to register an instrument registrable under this Act the land registrar may by notice in writing order that person to present the

instrument for registration.

(2) A person who fails, without reasonable cause, to comply with an order made under subsection (1)

within thirty days after the service of the notice on that person, commits an offence and is liable on

summary conviction to a fine of not less than twenty-five penalty units and not more than one hundred

penalty units or to a term of imprisonment not exceeding six months or to both the fine and the imprisonment.

62. Priority of registered interests

(1) Rights derived from instruments recorded in the land register shall have priority according to the

order in which the instruments were presented to the Registry irrespective of the dates of the instruments

and although the entry in the land register may have been delayed.

(2) Instruments sent by post and received on a day during the hours of business shall be deemed to

have been presented simultaneously and immediately before the close of business on that day and the

instruments so sent but received between the time of closing and the next opening of the office for

business shall be deemed to have been presented simultaneously and immediately after the opening.

(3) Where more than one instrument or application is presented on the same day or on different days

but at so short an interval from each other that in the opinion of the land registrar there is doubt as to their

order of priority, the land registrar may withhold registration until the land registrar has heard and

determined the rights of the interested parties.

63. Stay of registration

(1) Where a person proposing to deal with a land or an interest in land registered under this Act has

applied for an official search under section 56 and has stated in the application the particulars of the

proposed dealing, the registration of an instrument affecting the land comprised in or affected by the

proposed dealing shall be stayed for a period of fourteen days from the time when the application for the

search was made, and a note shall be made in the land register accordingly.

(2) If within the suspension period a properly executed instrument in relation to the proposed dealing

is presented for registration, the instrument shall have priority over any other instrument which may be

presented for registration during the suspension period, and shall be registered despite a caveat or any

other entry for which an application for registration may have been made during the suspension period.

(3) Subject to subsection (2), an instrument for which an application for registration is made during

the suspension period, other than a properly executed instrument giving effect to the proposed dealing,

shall be dealt with in the same manner and shall have the same priority and shall be as effectual as if a

stay of registration has not been obtained.

(4) For the purposes of this section, “suspension period” means the period of fourteen days specified

in subsection (1).

64. Merger of registered interests

Where on the registration of an instrument relating to disposition under this Act, the interests of

(a) a lessor and lessee, or

(b) a mortgagor and mortgagee, or

(c) the proprietor of a parcel which is burdened with an easement, a profit or restrictive agreement and the proprietor of a parcel which benefits from the easement, profit and agreement,

vest in the same proprietor, the interests shall not merge unless a surrender or discharge is registered or

the parcels are combined or there is a declaration of merger, which may be contained in the instrument

evidencing the disposition.

Leases

65. Form and registration of leases

(1) A lease of a registered land shall be created by an instrument in the prescribed form.

(2) Subject to subsection (4) of section 19, where a lease is lodged for registration, the land registrar

shall register the particulars of the lease in the register and endorse a memorial of the entry on a land

certificate relating to that parcel.

66. Lessor's consent to assignment of lease

On the registration of a lease containing an agreement, expressed or implied by the lessee that the

lessee shall not transfer, sublet, mortgage or otherwise assign the lease or a part of the lease without the

written consent of the lessor, a transaction in respect of the lease shall not be registered until the consent

of the lessor, verified in accordance with section 94 has been produced to the land registrar.

67. Lease granted in breach of an obligation

A lease shall not be registered if it is not valid by reason of it having been granted in breach of an obligation binding on the grantor.

68. Variation and extension of leases

The agreement and conditions contained or implied in a registered lease may be varied, negated or

added to, and the period of a registered lease may be extended by an instrument which would be effective

for the purpose in respect of unregistered land, as from the date on which it is registered.

69. Substitution of leases

Where on the presentation of a lease for registration, the land registrar is satisfied that the lessee has

been registered as the proprietor of a prior subsisting lease held from the same lessor in respect of the

same land, the land registrar shall cancel the registration of the prior lease and register the new lease

subject to the encumbrances they are registered against the prior lease.

70. Surrender of leases

(1) Where the lessor and the lessee agree that the lease shall be surrendered, it shall be surrendered in

the following manner:

- (a) an instrument shall be prepared in the prescribed form, or else the word, “surrendered” shall be endorsed on the lease or on the duplicate or triplicate of the lease;
- (b) the instrument or endorsement shall then be executed by the lessee;
- (c) the land registrar shall then cancel the registration of the lease; and
- (d) the instrument or endorsed lease shall then be filed, and on the filing or at an earlier date that is expressed in the instrument or endorsement, the interest of the lessee shall cease.

(2) Subsection (1) shall not cause a surrender or purported surrender of a lease to have an effect on the

rights of a party or any other person which it would not otherwise have.

71. Determination of leases

Where a registered lease has determined, the lessor shall apply in writing to the land registrar to cancel

the registration of the lease, and the land registrar shall on being satisfied of the matters set forth in the

application cancel the registration of the lease.

72. Form and effect of mortgages

(1) A mortgage created after the commencement of this Act shall be in the prescribed form and shall

not have an effect unless it is registered in accordance with this Act.

(2) When a mortgage is registered as an interest in land, the instrument by which the mortgage is created shall be filed in the Registry.

73. Mortgagee's consent to transfer

Where a mortgage contains an agreement that the mortgagor shall not dispose of the land,

(a) by a particular form of transfer, or

(b) by a transfer without the consent in writing of the mortgagee,

the agreement shall be noted in the register and a transfer by the mortgagor which would be invalidated

by the agreement, shall not be registered until the written consent of the mortgagee has been verified in

accordance with section 94 and produced to the land registrar.

74. Variation of mortgage

The amount secured, the method of repayment, the rate of interest or the terms of the mortgage may be

varied by the registration of an instrument of variation executed by the parties to the mortgage, but a

variation shall not affect the subsisting rights of a third person unless that third person has consented in

writing to the variation of the instrument.

75. Second and subsequent mortgages

Subject to section 74, a mortgagor may create a subsequent mortgage in the same manner as the first

mortgage, but the rights conferred by a subsequent mortgage is subject to the prior subsisting mortgages

according to the rules of priorities as between mortgages.

76. Further advances

(1) A mortgage of a land or an interest in land registered under this Act may make further advances in

priority to a subsequent mortgage noted in the land register,

(a) if the prior mortgage expressly provides for the making of further advances, or for the giving of credit to the mortgagor on a current or continuing account, or

(b) if the prior mortgage imposes upon the mortgagee an obligation to make further advances, and that provision or obligation has been noted in the land register pursuant to an application made in the

prescribed form and prior to the registration of the subsequent mortgage.

(2) A mortgage created subsequently in respect of a parcel to which subsection (1) applies, shall take

effect subject to a further advance made or to be made pursuant to that provision or obligation.

(3) Except as otherwise provided in this section there shall be no right of tacking.

77. Discharge of mortgage

(1) A discharge of a mortgage in the prescribed form may be endorsed on the mortgage instrument or

may be executed as a separate instrument.

(2) Where the parties to the mortgage intend to discharge a part of the mortgaged land from the whole

of the principal sum or other moneys secured by the mortgage, the prescribed form may be varied or

altered accordingly.

(3) On the production of the instrument of discharge, the land registrar shall register the instrument by
